

Operation Blazing Sword:

About Us:

Operation Blazing Sword is a grass-roots organization dedicated to helping LGBTQ people become responsible firearm owners. If you think you may need a firearm for armed self-defense but don't feel comfortable going to a shooting range or a gun store by yourself, seek out any of our LGBTQ-friendly volunteer instructors. They will teach you the basics of firearm safety, operation and ownership for no cost and without judgement for your color, gender, sexual orientation, biology, or manner of dress.

Mission Statement:

Operation Blazing Sword's Three Goals

1. To educate anyone in the basics of firearms safety and operation, enabling them to make an informed decision regarding whether or not owning a gun is right for them.
2. To demonstrate that gun owners do not hate LGBTQ people, and in fact want them able to protect themselves from violence.
3. To champion the fact that responsible gun ownership is a human right. All living beings have an inherent right to self-defense, and firearms are the most effective means of self-defense.
