

San Diego County Gun Owners:

About Us:

San Diego County Gun Owners (SDCGO) is a political organization that focuses on expanding and restoring Second Amendment rights within San Diego County. SDCGO was formed due to an aggressive and successful legislation and regulatory effort to significantly limit or eliminate the firearms industry and the general ownership and use of firearms and the firearms industry in California at the municipal, county, and state level.

Mission Statement:

SDCGO's solution is a local, non-partisan, volunteer group with full-time staff that does four things to get the right people elected on local San Diego councils and boards:

- 1.) Second Amendment Advocacy at the city/county level;
- 2.) Second Amendment Community Organizing;
- 3.) Political Fundraising; and
- 4.) Working with the local gun industry on the first 3.
